A Letter from Principal Wardle

Buffalo Grove Parents,

We had an exciting opportunity this week to host several Superintendents and school administration from around the country to Buffalo Grove High School. Some traveled as far as Virginia, North Carolina, and Arizona, with several from around the midwest as well. The purpose of the visit was to explore the Career Pathways that are available to our students here in D214.

Our students were an integral part of the presentations, sharing their journeys and the pathways they have been on. Our guests were incredibly receptive and enthusiastic in their engagement and questions to bring these ideas to their schools, and at least two districts are planning to come again for an extended time in our building, and with our staff, administration, and students.

When I have the opportunity to share all that we do with outside school districts, I do so humbly, knowing that we all stand on the shoulders of incredible leadership before us, and also we lead as part of a team. I am proud to work in District 214 at Buffalo Grove High School, and am grateful to the supportive community of families and business partners in our area.

To look again at many of the offerings, please click **HERE** for the link to our Career Pathways booklet.

OneBG,

Jeff Wardle
